Rejections based on Prior Art

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Hansen et al (GB 838,501)

Hansen et al disclose an instrument for “trimming the hooves and dressing the teeth of animals, for example sheep or horses.” The device includes a tool body 1, 25, having a shaft 22 therein for rotating grinding member 9. The grinding member 9 can be pivoted through a range of angles relative to drive shaft 22.
